### Science Film Festival Quiz 2021 (SFFQ2021)

Goethe-Institut, the cultural institute of the Federal Republic of Germany, invite students to Science Film Festival Quiz 2021 (SFFQ2021), an international school quiz scheduled for October– December 2021. This quiz is being held online at [www.sffquiz.com](http://www.sffquiz.com) SFFQ2021 will be open to students of Grades 9–12 across 5 (five) countries: Bangladesh, India, Iran, Pakistan, and Sri Lanka.

SFFQ2021 will focus on theme-- 'Better Health through Better Understanding' and an array of subthemes including (but not limited to) the following: nutrition; diseases; mental health; sexual health; healthcare innovations; Covid-19; and vaccines. This quiz will be an excellent tool for our students to engage with these relevant themes and their significance in the overall context of sustainable development.

**Goethe-Institut will award the following to participants and winners:**

- The International Champion will receive a telescope/science kit, a science museum tour, free admission to a German language course, and Certificate of Honour.
- All National Winners & Runners-Up (South Asia Finalists) will receive an iPad, Goethe-Institut merchandise, and Certificates of Honour.
- Students ranking in Top 10 in each country will receive Certificates of Excellence.
- Students selected for national-level, will receive Certificates of Achievement.
- Students who complete Level 1 online-test will receive Certificates of Appreciation.

**PLEASE NOTE: There is no registration fee to take part in SFFQ2021.**

Please contact the Quiz Craft Global team at (+91)9810782595 or (+91)7827573644, or write to them at [<sffquiz@quizcraftglobal.com>](mailto:sffquiz@quizcraftglobal.com) for more details.

After completion of Registration, students are requested to send their Name, Class, Section and name of the quiz registered to the following [E-mail-quiz2021bhavans@gmail.com](mailto:E-mail-quiz2021bhavans@gmail.com)

Warm Regards

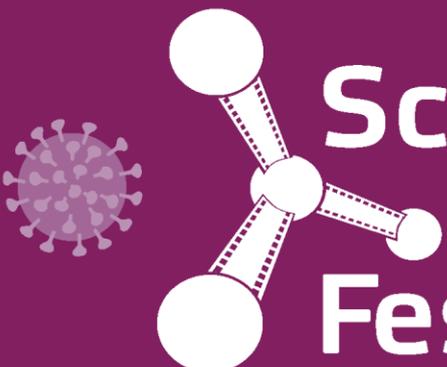

Principal

## A DETAILER FOR QUIZ PARTICIPANTS

The Science Film Festival Quiz 2021 or **SFFQ2021** is an international knowledge event for students in Grades 9 to 12 from five countries: Bangladesh, India, Iran, Pakistan, and Sri Lanka. It will run parallel to Goethe-Institut's Science Film Festival, which focuses on the theme of 'Better Health through Better Understanding'. The Science Film Festival will be open from 1 October to 20 December 2021. Quiz participants are encouraged to watch the films before attempting the quiz. Follow the Goethe-Institut website and festival social media for updates on the festival and registration process. The links are given under 'Reference Material' on the last page.

**SFFQ2021** aims to focus on the broad themes of health and wellbeing in the larger context of sustainable development. This quiz will be an excellent tool for your students to engage with these relevant themes and their significance in the overall context of sustainable development. It will help expand and enrich the students' awareness of global, regional, and local health.

The questions will focus on an array of subthemes including the following:

- Good and bad nutrition
- Childhood illnesses (malaria, diarrhoea, pneumonia)
- Other illnesses (HIV/AIDS, tuberculosis, hepatitis)
- Mental health & sexual health
- Substance addiction
- Healthcare innovations
- Covid19
- Vaccines
- Doha Declaration
- Sustainability: concept, evolution, accords & agencies
- United Nations SDGs, especially SDG 3 (Good Health and Wellbeing)

## STRUCTURE OF SFFQ2021

The competition will be held at the following 4 (four) levels:

- LEVEL 1** *Intra-country.* All school students from the five participating countries can register and participate in this level, to be conducted on the quiz website.
- LEVEL 2** *Intra-country.* The top 50 scorers from each country will be selected for the Level 2 round, once again to be conducted on the quiz website.
- LEVEL 3** *Intra-country.* The top 10 scorers from each country will qualify for the respective National Finals and face off in a videoconference quiz, to be conducted over Zoom. The top 2 scorers from each National Final (National Winner + National Runner-Up) will qualify for the International Finale.
- LEVEL 4** *International finale.* The 5 National Winners and 5 National Runners-Up will compete in the International Finale. One International Champion will emerge.

## METHODOLOGY OF SFFQ2021

### **LEVEL 1: Intra-country, all students, on website**

Schools from across the five (5) participating countries are being invited to register their students from Classes 9 to 12 for this exciting international quiz. The website ([www.sffquiz.com](http://www.sffquiz.com)) will be available for all the students to register. Once they have registered, students can take the preliminary online quiz on the website. Every student will get two (2) attempts, which will be timed for each player. In each country, the top 50 students with the highest score in the shortest time will qualify for Level 2. Leaderboards, with real-time updation, will be available for each country, displaying the Top 50 scorers.

- The online quiz will be open for participation from 1 to 31 October 2021.
- Every student who completes Level 1 will receive a digital Certificate of Appreciation.

## **LEVEL 2: Intra-country, Top 50 students in each country, on website**

The Top 50 students in each country, based on their scores and times in the Level 1 test, will qualify for Level 2. This level will also be in the form of a timed quiz, on the quiz website. From these 50 players, the Top 10 scorers will be selected for the next level, the National Finale.

- The Level 2 online quiz will be open for participation from 10 to 20 November 2021.
- Every student who completes Level 2 will receive a digital Certificate of Achievement.

## **LEVEL 3: Intra-country, Top 10 students in each country, on Zoom**

A Zoom meeting will be set up for each National Final, and the qualifying students will be invited to enter the meeting room at the prescribed time. In this quiz, the players will be shown two number grids, each with 12 numbered tiles. Players will be asked to choose – one by one – a number from the grid. The tile will lead to a connected question, which could be plain text or visual still or a visual connect. A correct answer will score points, either on the direct, or on the pass. There will be no negative marking in this quiz. At the end of the two rounds of quizzing, the National Winner and National Runner-Up will be identified on the basis of score, and will qualify for Level 4.

- The Level 3 national quizzes will be held between 1 and 14 December 2021.
- Every participating student will receive a digital Certificate of Excellence.
- The Country Winner and Country Runner-Up will receive an iPad and Goethe merchandise.

#### **LEVEL 4: International, Top 2 students from each country play off, on Zoom**

The International Finale will be held as a videoconference on Zoom. The ten (10) Winners and Runners-Up of the five (5) National Finals will face three rounds of quizzing. Two would be grid-based, as in earlier rounds, and will lead to a high-octane, rapid-fire round where each player will be given 30 seconds to answer a set of 5 questions. A correct answer will win them points, but a wrong answer will lead to a penalty, costing them points.

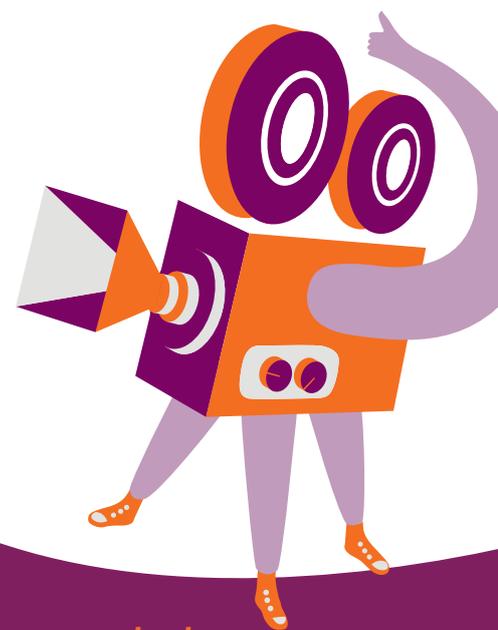

At the end of the International Finale, one player will be crowned the International Champion!

- The Level 4 international finale will be held on 20 December 2021.
- Every participating student will receive a digital Certificate of Honour.
- The International Champion will receive a telescope/science kit, a science museum tour and a free German course.
